

Key Stage 3

All classes mixed attainment

We believe that to aid the transition between primary and secondary school, having mixed attainment classes is the best start to secondary education students can receive.

Broad curriculum

We believe that in Years 7 and 8 students should experience the broadest curriculum possible with exposure to a range of subjects taught in a manner that will allow them to progress to GCSE study.

Progress not levels

We believe that work should not be marked with a level achieved but with feedback and comments that always push students to improve.

Preparation for life

We believe we are preparing students not just for exams, however important these might be, but also equipping them with the skills to be successful in life.

Achievement and challenge for all

We believe that students should be challenged to achieve their full potential. Whether they are more able in a subject, or working below age-related expectations, work should be challenging and accessible enough to meet their particular needs.

English 7 lessons per fortnight	Science 6 lessons per fortnight	PE 4 lessons per fortnight		Technology (rotation of subjects) 4 lessons per fortnight	
		Geography 3 lessons per fortnight	LiNC (PSHE/Literacy/RE) 3 lessons per fortnight		Art 2 lessons per fortnight
Maths 7 lessons per fortnight	MFL (Spanish or French) 5 lessons per fortnight	History 3 lessons per fortnight	Drama 2 lessons per fortnight	ICT 2 lessons per fortnight	Music 2 lessons per fortnight
