<b>Course description - Including aims &amp; objectives:</b> This course will enable you to develop an appreciation of French language and culture, and to communicate in a range of everyday and slightly more complex situations (discussions, debates). Learning outcomes: A deeper understanding of how to express yourself and communicate effectively in French through the 4 key skills of Reading, Listening, Speaking and Writing. A variety of activities will be used to develop your comprehension of spoken and written French and to help build your vocabulary and confidence when expressing yourself in different situations.	
<b>How Progress &amp; Success will be recorded:</b> As the course progresses we will constantly revisit language previously covered and there will be repeated supportive checking of understanding and learning during every class. There will also be informal tests from time to time to help students focus on where they are in the course and what they should ideally know. Each student will be expected to complete an individual tracker form to monitor their goals throughout the course.	
<b>Any further next steps:</b> It would be helpful to make a note of any past studies and experience you have of French, why you are learning the language, and what you hope to achieve from this course.
