<b>Course description - Including aims &amp; objectives</b> Whether you are an absolute beginner or know a smattering of Italian but would like to feel more confident and competent at understanding and expressing yourself, this course will enable you to exchange personal information and to be able to deal with situations typical of a visit to Italy.	
<b>Learning outcomes:</b> Confidence in your ability to understand & communicate key information in Italian & increase awareness of Italian culture	
<b>Teaching and learning methods used:</b> A variety of resources will be used to introduce and contextualise new language to help you communicate in everyday situations; these include video, audio clips and short texts. Similarly, a range of activity types such as role plays, quizzes & vocabulary games will give you the opportunity to have fun whilst learning to express yourself in Italian. We will also look at different techniques for learning & making sense of vocabulary.	
<b>How progress and success will be recorded:</b> Each lesson I will use a variety of informal techniques for checking & understanding, without putting you on the spot! I encourage members of the group to support one another and aim to develop a sense of camaraderie & fun within the group. As the course progresses we will regularly use areas of language previously covered in new contexts. You will be asked to	

complete an individual tracker form at intervals to monitor progress towards your personal (and the group's collective) goals throughout the course.

**Any further next steps:**

Please make a list of:

- \*Any past experience you have of using Italian
- \*Your personal motives for learning the language and
- \***what you hope to achieve from this course** - (to be provided to your tutor)
