

26th February 2018

Dear Parent/Carer of Year 8 Students

Science Fair

As part of British Science week, Ely College are delighted to invite you to attend our Year 8 Science Fair on Thursday 15th March from 9.10-10:30am.

Our Year 8 students are currently working hard at finishing their posters and demonstrations to show off what they have been doing in science this year. They will be presenting to other Ely College students, students from the local primary schools, members of local industry and parents.

If you would like to attend, please RSVP to Sam Craven, Curriculum Lead for Science, at scraven@elycollege.co.uk with "Year 8 science fair" in the subject line.

Yours faithfully

Mr S Craven
Curriculum Lead – Science
