

Dear Year 10 Student,

We are pleased to invite you to our upcoming Taster Days at Cambridge Academy for Science and Technology Sixth Form. These will enable you to experience the unique opportunities the Academy has to offer.

We deliver outstanding educational experiences which are grounded in real, relevant workplace practice. Through our unique partnerships with world-class employers, colleges and The University, you will gain a head start in achieving the qualifications and skills required for an exciting and rewarding career.

You can choose one of two dates at the end of the Summer Term, please see below for details. Both days offer the same opportunity to experience the A Level courses listed below.

Course	Taster Date(s)
Physics Chemistry Biology (Further) Maths Environmental Science Psychology Computer Science	Wednesday 11th July 2018 9:15am - 2:15pm
Physics Chemistry Biology (Further) Maths Environmental Science Psychology Computer Science	Wednesday 18th July 2018 9:15am - 2:15pm

Please see our website for further information: <http://www.cam-ast.org.uk/curriculum/a-level>

All taster days will include:

- Sample lessons - including BTEC Applied General
- The opportunity to meet and speak with current students
- Most importantly, students will experience the unique opportunities the Academy offers in participating in employer-led project based learning

Click here to register for your chosen Taster Day: <https://goo.gl/forms/40ebB5wiyAFcvoWx2>

We will contact all the registered students closer to the day to explain where to meet and anything you will need to bring with you, so please check your emails for this information.

Best Wishes  
 Kimberley Enright
