Dear {PARENT NAME}

Show My Homework

We are delighted to announce that we are using Show My Homework to set, track and receive all homework at Ely College this year. This product will allow you to monitor the homework that {STUDENT FIRST NAME} is set and completes, as well as support their home learning. This system will replace the old system of homework being recorded in student planners.

Each student has their own login; the code below will allow you to see everything that they can see.

You can use Show My Homework through the internet or through the free Show My Homework app on your smartphone (iOS and Android).

Show My Homework is fairly intuitive and there are useful guides at https://www.teamsatchel.com/user/student_parent.html

Your code is: {CODE}
