Dear Parents/Carers

Maths

I would like to take this opportunity to welcome you to the start of an exciting new year in the maths department at Ely College. The department has had its best GCSE results this year and we are looking forward to the year ahead where we can build on this success.

As the Year 7 students begin a new year with us, we will be running some baseline tests to establish the students' fundamental skills in mathematics. These tests will be based on their Key Stage 2 knowledge from primary school and will inform our teaching and help us to ensure that your child has the necessary support to achieve their full potential in maths this year.

There is no preparation required for these tests and the outcomes are intended for internal use only.

Please contact me should you have any queries: mgrezio@elycollege.co.uk

Yours faithfully
