

Year 10's 'fantastic' £1000 for Camtrust

The current Year 10 students at the College have been very successful with their fundraising efforts, supporting the local charity Camtrust.

Camtrust provides Further Education opportunities for older teenagers and adults with all types of disabilities. The students gain experience of a work-place and grow in confidence through their involvement in Camtrust's Design and Print company which operates as a Social Enterprise, where all profits are directed back into Camtrust.

The students at the College managed to raise £1000 by organising Form group and Year group events. These included bike rides, three-legged races, a dodge ball tournament and cake stalls.

'Soak a Teacher' was particularly popular, organised by students from 10A!

The main whole-Year group event was a Fancy Dress disco, which was a particular highlight. Costumes ranged from 'Neon Ravers' to 'Ghost Busters' and 'The Blues Brothers'. The students really seemed to enjoy themselves along with some of the teachers who supported the event. Many thanks to all the Staff who have support all these fundraising activities.

Head of Year 10, Rachel Daft said : 'I am delighted that the students have raised a thousand pounds. I am very proud of all their efforts and hard work to raise such a fantastic amount for Camtrust! Well done year 10!'
