# unifrog

---

## GCSEs... Choices, choices!

# Using Unifrog to explore your choices

There are two methods for using Unifrog to help decide your choices

## Method 1

*I know the job  
or industry I  
want to work in  
after school.*

## Method 2

*I have no idea  
what I want to  
do after school!*

# Using Unifrog to explore your options

Method 1 

Unifrog's Careers library lets you search through hundreds of career paths.

You'll find it on the Home page under 'Exploring pathways.'

**Sound technician (TV or film)**   
Sound technicians are responsible for recording the voices and background noise on TV and film shoots.

[Read the profile >](#)

Search for the career that interests you and read the profile once you find it.

In each career profile, there is a section on related subjects. Click each one to find out more about the subject.

## Related university subject profiles

These university subjects are related to this career; check out their profiles on the Subjects library:

- [Film and Photography >](#)
- [Media and Communications >](#)
- [Music >](#)

# Using Unifrog to explore your options

Unifrog's Interests profile helps you learn more about yourself and the subjects that might suit your interests.

**Method 2** 

Interests quiz

How much do you enjoy the activities described below?

Click 'Start' on the tool and take the quiz to generate your Interests profile!

Once you have your top three interests, you can search the Subjects and Careers libraries for pathways that match.

# Choices ahead

## CORE Subjects

- English Language and Literature
- Maths
- Separate Science
- PE (Games)
- Philosophy Religion and Ethics/PSHE

# Option Subjects Offered

Art & Design

Business

Drama

Economics

*Engineering*

French

Geography

*Hair & Beauty*

Health & Social Care

History

*Hospitality & Catering*

Media Studies

Music

Philosophy, Religion & Ethics

Physical Education

Spanish

*Sport*

# Things to consider when making choices...

- Am I able to succeed at subject 'X'?
- Are some subjects more "academic" than others?
- What do I need for my next steps?

# Things NOT to consider when making choices

- What your friends are doing....
- Who the teacher is now or might be next year
- You don't know much about the subject so it must be worth a go
- You don't enjoy it but think it will be important for later study

# Our Advice...

- Look at the options list in the booklet and highlight the subjects you enjoy
- Look at the subjects you don't know much about – email or chat to those teachers in charge – it might be your best subject
- Think ahead – do you have an idea what you want to do for Sixth Form and beyond – do they recommend courses?
- If you're not sure – opt for the subjects you love and want to study for three more years

## List 1

Choose 1 subject

| List 1                        |
|-------------------------------|
| Geography                     |
| History                       |
| Philosophy, Religion & Ethics |

## List 2

Choose 1 subject

| List 2   |
|--|
| Art & Design   |
| Dance  |
| Drama  |
| Design Technology: 3D Products<br><b>OR</b><br>Design Technology: Fashion & Textiles |
| French   |
