

14th April 2021

Dear Parent/Carer

Yr 7 Bikeability Training

I'm pleased to confirm that your child has secured a place on the Bikeability training that we are offering in May. The purpose of this letter is to provide you with further details and explain how the training programme will be delivered.

Your child has been assigned to Group B1 and will participate as follows:

| Days | Levels | Group | Timings |
|---|---------|-------|--------------|
| Monday 17 th May | Level 1 | B1 | 10am to 12pm |
| Tues 18 th to Thurs 20 th May | Level 2 | B1 | 10am to 12pm |

The Level 1 training will take place on our college grounds and the team will start off by conducting general cycle and helmet safety checks and basic road safety. The Level 2 training takes place on local roads in the vicinity of Ely College. Children are fully supervised by the training team at Outspoken Training.

Teachers will be made aware that your child is involved and that they will miss lessons during the above time periods. Before and after the training sessions your child should attend their usual timetabled lessons.

Parents remain responsible for ensuring students have their cycles here in school on the correct days and they are securely stored in our cycle racks. At the very first session, once students have collected their cycle they should make their way to the area of concrete hardstanding at the back of Needham's Gym where the Outspoken team will register students. At the end of the session, cycles should be stored and locked up again before returning to their lessons.

During Bikeability your child will miss one of their break times, so please ensure they have plenty of drinks/snacks to keep them going.

Finally, we are running 4 separate training sessions, so if another parent says that their child's days/times differ, then that is highly likely!

Yours faithfully

Bev Saddington
PA to the Principal
