

Research Champion Comparison School withdrawal from data processing form for parents

22nd June 2021

Dear Parent/Carer

We are writing to let you know that your child's school is participating as a comparison school in the evaluation of Tuition Partners Programme (TP Programme). This means that we can compare attainment in schools taking part in the TP Programme with similar schools like yours, who are supporting their pupils in other ways. By taking part in the evaluation your child's school will demonstrate a commitment to supporting evidence-based practice.

The National Tutoring Programme is a government-funded, sector-led initiative to support schools to address the impact of Covid-19 school closures on pupils' learning. The Education Endowment Foundation (EEF) has commissioned the National Foundation for Educational Research (NFER) along with Kantar and the University of Westminster to independently evaluate the TP Programme. As part of the impact evaluation, your child's school has signed up to become Research Champion Comparison School, which would involve providing us with some information about your child including providing us with secure access to the results of any standardised tests that your child's school uses in the current academic year. No pupils or schools will be identified in the research reports.

The [Privacy Notice](#) summarises what personal data will be collected, and how this data will be collected, used, shared and protected. We have robust procedures in place to make sure that we comply with the requirements of GDPR and keep data safe and secure.

If you are happy for your child's data to be used for this evaluation, **you do not need to return the reply slip**. However, if you would prefer your child's data not to be shared, stored and used for this project, please complete the form below and return it to **Dr KJ Norton-Berry** as soon as possible. If you would like to withdraw your child's data from the evaluation at any subsequent stages please inform **Dr KJ Norton-Berry**. If you have any queries please contact us via email at: Researchchampions@nfer.ac.uk

Yours faithfully
