

20th May 2022

Dear Parent/Carer

Year 7 and 8 Science Fair

The science department is pleased to announce the return of the Key Stage 3 science fair this year on 16th and 17th June. All Year 7 and 8 students have started working hard on their projects in lessons and will be presenting them, as well as giving a demonstration on the following date/time:

- Year 8 – 16th June: 9:15 – 10:15
- Year 7 – 17th June: 10:40 – 11:40

If you are able to attend, and so that we have an idea of numbers, could you please send me an email: soneil@elycollege.co.uk with your child's year group in the subject line.

Unfortunately, we are not able to allow photographs to be taken on the day, but there will be photos taken by the school which can then be shared on social media.

Please feel free to contact me with any questions/queries and I look forward to seeing you next month.

Yours faithfully

S. O'Neil
