

26th January 2024

Dear Parent/Carer

Ely College Apprenticeship Fair - 8th February 2024

We are delighted to announce the Ely College Apprenticeship Fair 2024, taking place on 8th February 2024. During school time our Year 8's and 10's, will have the opportunity to meet with 15 local organisations and education establishments. Attendance to this event includes Year 11 Bishop Laney sixth formers looking at apprenticeship opportunities for 2024.

The event will open to all from 3.00pm to 5.30pm - this is an invitation to parents/carers, local schools, and local public to attend. We believe in giving our students best opportunities to help start plan their future career path, and what best way than meeting local employers and industry leaders to see what they have to offer, and to try and match their skills and passion with possible future jobs.

Ely College Apprenticeship Fair is running alongside National Apprenticeship Week 5th to 11th February 2024, we hope to highlight the amazing opportunities to be had in around our local community. The aim is to start students thinking about the viable career options open to them. For some it is an opportunity to network, meet potential employers, discuss work experience opportunities, internships, and to meet other likeminded professionals.

To attend this event please see the URL below or click on the QR code to book.

I hope to see you there.
