

Year 11 Exam Masterclasses 2024

Pre-exam masterclass sessions of one hour are taking place for many of the exams this summer. **Sessions are compulsory when taking place in the school day and you should attend the masterclasses for your subjects instead of your timetabled lesson.** Where a masterclass is after-school or online it is highly recommended you attend the session to receive last minute advice and tips for success. Unfortunately, masterclasses have not been possible for all subjects due to the timings of some exams.

After-school sessions will run from 3:10-4:10pm.

Subject	Date of Masterclass	Time	Place
