Dear Parent/Carer

Year 7 Science - 'Wonderdome' Presentation

The science department is pleased to offer an exciting opportunity for all of Year 7. Students will experience an exciting mobile planetarium show with curriculum led presentations, aiming to inspire and captivate students with the scale and wonder of stars and our solar system. The dome will be coming to Ely College on 4th July and all Year 7s will have a chance to watch a 25-minute show. This will be part of a bigger 'space investigation' project they're completing and presenting in their science lessons.

In order for this event to take place, we ask you to make a contribution of £2.10. Such a contribution is voluntary but as we have no alternative funds if sufficient contributions are not received to make the event financially viable it will have to be cancelled and all contributions will be refunded. In cases of financial hardship, any requests for the contribution to be waived will be treated sympathetically; please contact the Principal (Simon Warburton) by email. As this educational event is taking place in school hours, we are permitted by law (Education Act 1996) to not exclude, from such an event, students of parents choosing not to contribute to the cost. We are able to offer a 50% discount for Pupil Premium students (FSM students only) and have adjusted WisePay accordingly.

Please may we ask you to logon to WisePay to make your contribution.

If there are any queries, then please do not hesitate to contact me: soneil@elycollege.co.uk

Yours faithfully
