Dear Parent / Carer,

NEA coursework Deadline

Please see the following sessions available for your child to complete their NEA coursework which is due next Friday (a major deadline).

As some students are in exams and missing lessons over the next two weeks, these slots have been made available to allow them to come in and complete work. Many students are not checking school email or Teams so I ask you to encourage your child to attend these sessions.

The final submission for the DT NEA is Friday 6th March.

Following is a list of the available sessions that are running up to this point whilst the exams are running. These slots were posted on teams on Sunday (no students attended the Monday slot).

There will be no other opportunities beyond the deadline day on the 6th March to work on the NEA.

Both the design folder and the final made piece will be required for submission for assessment. A number of supporting resources were posted on Teams just before half term that students need to engage with to maximise their success. If you have any questions or queries please do get in touch with me at the college.

Kind regards
Mr Bausor
